CLASSIFICATION

511 THE INTERNATIONAL CLASSIFICATION OF GOODS AND SERVICES FOR THE PURPOSES OF THE REGISTRATION OF MARKS (NICE CLASSIFICATION) AND/OR LIST OF GOODS AND/OR SERVICES CLASSIFIED ACCORDING THERETO

- 4
fuels (including motor spirit) • fuel gas • vaporised fuel mixtures • electrical energy • mazut • rape oil for industrial purposes • sunflower oil for industrial purposes • vegetable oil for industrial purposes • fuel • gasoline • gas for lighting • lighting fuel • producer gas • solidified gases (fuel) • oil-gas • biogas
- 6
pipes of metal for energy supply
- 7
machines and installations for generating, storing and conveying energy, included in class 7 • electricity conversion installations (included in class 7) • crankcases for machines, motors and engines • motors [except for land vehicles] • fuel dispensing pumps for natural gas fuelling stations • self-regulating fuel pumps • fuel dispensing pumps for service stations
- 9
apparatus for analysis [other than for medical use] • battery charging devices for motor vehicles • gasometers [measuring instruments] • gas testing instruments • solar batteries • totalizers • installations comprising apparatus and instruments for conducting and accumulating electrical energy • data processing apparatus
- 11
heating apparatus for solid, liquid or gaseous fuels • heating apparatus and heating installations • heat pumps • heat regenerators • heat accumulators and heat exchangers • hot water heating installations • central heating radiators • gas burners, gas boilers, gas condensers, other than parts of machines, gas lamps, apparatus for the purification of gases, scrubbers (parts of gas installations) • regulating and safety accessories for gas pipes • regulating accessories for water or gas apparatus • safety accessories for water or gas apparatus • gas turbine power stations for generating heat • installations for generating heat (combustion engines) • gas heat generators • brackets for gas burners
- 12
land vehicles and conveyances
- 16
printed matter and published materials, in particular books, newspapers, periodicals, calendars, posters, postcards and greetings cards, programmes, pamphlets • instructional and teaching material (except apparatus) • paper cardboard
- 19
pipes, not of metal, including gas pipes
- 35
advertising • publication of printed matter, including in electronic form, for advertising purposes • writing and dissemination of advertising matter and publicity texts • organisation of trade fairs and exhibitions for advertising purposes, for horological and chronometric instruments • arranging and conducting of advertising events • updating of advertising material • development of usage concepts with regard to professional business matters • advice and advisory services for consumers • the aforesaid services in particular in the field of energy supplying • cost price analysis • creating professional business supply concepts for space heating and water heating using electricity and natural gas • creating professional business supply concepts with regard to the use of natural gas as process gas • providing information and consultancy for consumers in trade and business affairs (consumer consultancy) • arranging contracts with gas suppliers • arranging of contracts with electricity suppliers • arranging contracts with heating suppliers
- 36
financial consultancy, in particular in the context of participation management and in the context of mergers and acquisitions (buying and selling of companies and company shares) • financing and funding services • asset management, in particular acquisition of company shares, trading in these shares and administration of these shares, in particular exercising shareholder rights • investment services • including all of the aforesaid services in the context of holding companies • financial and monetary services • in particular services provided by private equity companies
- 37
installation, maintenance and repair of installations provided for generating and distributing electrical energy/thermal energy • building construction and building insulating
- 38
telecommunications • telecommunication services • data transmission services over telecommunications networks • telecommunications for managing and operating networked houses (smart homes)
- 39
distribution and conveying of gas (in particular natural gas), electricity, heating and water • supplying consumers with gas (in particular natural gas), electricity, heating and water • accumulation of gas, in particular natural gas • conducting gas and liquids through supply networks
- 40
generating thermal and electrical energy • rental of generators • rental of air-conditioning apparatus • rental of space heating apparatus • electricity generating
- 41
training and further training consultancy • providing electronic publications (not downloadable) • publication of texts, other than publicity texts • layout services, other than for advertising purposes • arranging and conducting of conferences, congresses and symposiums • personnel development by means of training and further training • arranging and conducting of seminars and workshops (training) • arranging and conducting of colloquiums • the aforesaid services in particular in the field of energy supplying • arranging and conducting of cultural events, including sponsorship events
- 42
updating of internet pages • consultancy in the field of energy-saving • technical measuring • technical testing • electronic data back-up • calculating emissions and pollutant concentrations • inquiries, research in databases and on the internet, for scientific and research purposes, for others • provision of technical consultancy • technical project management in the field of electronic data processing • conducting technical project studies • advisory services relating to pollution control • environmental assessment services • creating technical supply concepts for space heating and water heating using electricity and natural gas • planning of installations for generating and distributing electricity/thermal energy

531 INTERNATIONAL CLASSIFICATION OF THE FIGURATIVE ELEMENTS OF MARKS (VIENNA CLASSIFICATION)- VCL

- 25.05.25
Other backgrounds divided into two or four
- 25.07.08
Surfaces or backgrounds covered with other repeated geometrical figures or designs
- 26.04.01
Squares
- 26.04.05
One quadrilateral
- 26.04.22
Quadrilaterals containing other inscriptions
- 29.01.03
Green
- 29.01.04
Blue

Intellectual Property Office

- Official status
Registered
- Status date
March 17, 2024
- Country of filing
UK
